

□ Meeting Analysis Report

1. Summary

S1 □ 00:00 - 04:23

S2 The Huawei MatePad 11.5 Paper Matte Edition 2025 isn't your typical tablet because it actually pulls off five things that your regular tablet just can't. The detachable smart keyboard connects wirelessly to your tablet, magnetically and fully supports both laptops and the split-form setups. The display uses a circular polarization mimicking how sunlight hits your eyes.

S3

S4 □ 04:23 - 08:49

S5 The Huawei MatePad 11.5 paper-mat edition 2025 has a massive 10,100 mAh battery, giving you about 13 hours of video playback. It also has 40 watts of fast super charge, which is perfect for flights, long work sessions, or even back-to-back classes. If the battery of the Huawei and pencil third generation dies, it charges wirelessly just by snapping it on magnetically as usual. Huawei's go-paint is now pre-installed and free.

S6

S7 □ 08:49 - 12:25

S8 Waffa and her husband are expecting their third child, a girl. They chose the name Matilda because of the nickname Tilly, which is very strong. Waffa says the name is unusual in the U.S., but it's a popular name in other countries. She says they like to have big bold names and chop them up into smaller names that sound cute.

S9

S10 □ 12:26 - 16:23

S11 "I would have been just as happy to have a boy," she says. "I don't know if my idea of this completing our family will be correct if we made a good decision or not" "I would say this pregnancy is different, but not because she's a girl. That's just mean"

S12

S13 □ 16:23 - 21:19

S14 I know some people have a very smooth, easy pregnancy. For me, this pregnancy is very difficult, and I'm very ready for it to be finished. Was the morning sickness about the same, though? Yeah, I'd say morning sickness, which is when you feel nauseous during the first trimester. I think it's just that everything happened sooner, and my body hurts more in general.

S15

S16 □ 21:19 - 25:24

S17 I know a lot of people have scary birth stories, but for me, it was really empowering and great, not like fun, but certainly a positive experience overall. I felt comfortable not giving birth in the hospital, so I interviewed a couple midwives who come to your house and help you as you're giving birth and we found one that we really liked.

S18

S19 □ 25:24 - 30:14

S21

S22 □ 30:14 - 34:35

S23 Dan and his wife are expecting their third child, Matilda, in the coming weeks. The couple have been asked if it's expensive to have a baby in the US. Dan says it depends on what you think about money. He says if you plan on having a baby, save some money and check with your insurance.

S24

S25 □ 34:35 - 39:21

S26 "I'm not going to get pregnant again and then have to go through all that again," she says. "When Matilda is young, like really young, she'll nap a lot, and I plan to just lower my standards" "There's a lot of work that goes into making this run, so it's not just me"

S27

S28 □ 39:21 - 43:40

S29 How do you keep up your relationship when you have three children? We don't know yet. A big thing for us is that we have a couple's therapists that we see every week or every other week or so. We also occasionally go on a date. Don't feel guilty about spending time away from your children.

S30

S31 □ 43:40 - 48:08

S32 I think if you've gone through pregnancy one time, all of a sudden, you have so much more experience and then two times and then three times. Having somebody who's really your support person is extremely important. Talk to other people who have two or three children or more when you're pregnant with your first child.

S33

S34 □ 48:08 - 52:36

S35 It is going to be a big shock, starting your life as a mother. Take a birth class with your wife or partner and yeah, you need to be prepared too. What's it been like having three kids so far? I feel like what we've experienced so far is not probably representative of what will happen.

S36

S37 □ 52:36 - 56:34

S38 Going from zero to one was the most difficult, one to two was, you know, trickier. I think going from two to three so far hasn't been a huge change. Now that I've been home for the summer, it's actually been harder for me.

S39

S40 □ 56:34 - 01:00:37

S41 Vanessa: Having kids is like the full human experience. Vanessa: I get frustrated sometimes. I get angry sometimes, but in the end, you just gotta take a step back and go, all right. Make sure you subscribe to the Speak English with Vanessa YouTube channel so that you can get the vocabulary lesson coming in a few weeks.

S42

S43 □ 01:00:37 - 01:03:09

S44 I was the easy child, and my brother was a little bit more of the squeaky wheel is the expression we use. The middle child gets glossed over or like forgotten. So I wanted to make sure that that was something that I could handle because, yeah, I love Freddie. I don't want him to get less attention.

11:01 - 11:03 And our other kids' names are old-fashioned names. → *neutral* (68.3%)

11:03 - 11:05 Yeah, it definitely fits in with the other names. → *positive* (85.2%)

11:05 - 11:10 Yeah, the Adora, Fredrick, Matilda, and each name has a shortened version, Theo, Freddie, → *neutral* (89.2%)

11:10 - 11:11 Tilly. → *neutral* (57.1%)

11:11 - 11:13 So it kind of fits the theme of our family. → *positive* (65.3%)

11:13 - 11:19 Yeah, we like to have big bold names, and then we chop them up into smaller names that → *neutral* (72.7%)

11:19 - 11:20 sound cute. → *positive* (92.1%)

11:20 - 11:22 Although I think I might call her Matilda a lot. → *neutral* (84.4%)

11:22 - 11:24 Yeah, we've been calling her Matilda so far. → *neutral* (90.4%)

11:24 - 11:28 That name has grown on me quite a bit, because at first I was like- → *positive* (85.7%)

11:28 - 11:32 It's really like strong, like, to Americans, it sounds really strong. → *positive* (77.9%)

11:32 - 11:33 Yeah. → *neutral* (54.9%)

11:33 - 11:37 I think, although most people we've talked to, they've been like, Matilda's so cute. → *positive* (91.0%)

11:37 - 11:38 I love it. → *positive* (97.0%)

11:38 - 11:39 Yeah, it's really beautiful. → *positive* (97.7%)

11:39 - 11:44 We've gotten really good reactions about it, but the more I say it, and the more I hear → *positive* (94.5%)

11:44 - 11:45 my kids say it, especially- → *neutral* (73.5%)

11:45 - 11:46 Oh, it's so cool. → *positive* (98.7%)

11:46 - 11:47 Like when they say- → *neutral* (70.7%)

11:47 - 11:51 Theo and Freddie say, oh, how is Matilda in there? → *neutral* (88.5%)

11:51 - 11:55 It's like very cute, so I think I'm just going to call her Matilda. → *positive* (96.0%)

11:55 - 11:56 Yeah, we'll see. → *neutral* (67.1%)

11:56 - 12:02 Say her middle name is Mae, so that's actually my grandma's middle name, and so we decided → *neutral* (83.2%)

12:02 - 12:07 to take that and call her Matilda Mae, or Tilly Mae. → *neutral* (91.3%)

12:07 - 12:09 Or Tilly Mae, so I'll probably call her all of those things. → *neutral* (80.3%)

12:09 - 12:12 All right, let's go on to our next question. → *neutral* (77.7%)

12:12 - 12:15 Waffa has a question about deciding to have a third child. → *neutral* (87.3%)

12:15 - 12:20 She said, many families hesitate before deciding to have a third child. → *neutral* (68.2%)

12:20 - 12:21 So was it your case? → *neutral* (84.3%)

12:21 - 12:24 Did you have any concerns about deciding to have a third child? → *neutral* (87.5%)

12:24 - 12:25 This is a deeper question. → *neutral* (79.6%)

12:26 - 12:30 Do we have any concerns about having a third child? → *neutral* (80.5%)

12:30 - 12:34 Well, yes, for sure, both of us hesitated quite a bit. → *neutral* (69.9%)

12:34 - 12:41 I hesitated less because in my family growing up, there were three of us. → *neutral* (64.1%)

12:41 - 12:45 So actually, it's exactly the same as my family's going to be. → *neutral* (68.9%)

12:45 - 12:49 So I have one brother and one sister, older brother, older sister. → *neutral* (88.8%)

12:49 - 12:50 I'm in the middle. → *neutral* (75.6%)

12:50 - 12:51 Younger sister. → *neutral* (78.0%)

12:51 - 12:52 Younger sister. → *neutral* (78.0%)

12:52 - 12:59 And so it's just seemed kind of natural to me to have three kids in the family, and so → *positive* (52.6%)

12:59 - 13:06 I was into the idea, and I would have probably been somewhat disappointed if we didn't shoot → *negative* (64.6%)

13:06 - 13:07 for three. → *neutral* (67.2%)

13:07 - 13:08 Sure. → *neutral* (47.5%)

13:08 - 13:09 Yeah, we talked about it. → *neutral* (78.5%)

13:09 - 13:12 But I would have ultimately been okay with it because, yeah, like, when you take out → *positive* (51.7%)

13:12 - 13:16 a piece of paper and you start writing down, like, why do I want a third kid and you're → *neutral* (59.2%)

13:16 - 13:19 like, I don't even know, like, this is going to be a lot more work, and we're going → *negative* (54.4%)

13:19 - 13:22 to have to have a minivan forever and stuff like that. → *neutral* (73.8%)

13:22 - 13:25 Yeah, and you don't have to deal with this. → *negative* (50.8%)

13:25 - 13:30 So it's a lot easier for the man to say, oh, sure, let's have three kids. → *neutral* (52.1%)

13:30 - 13:35 And for me, I think there is a lot more hesitation, and I think rightly so. → *neutral* (61.7%)

13:35 - 13:38 I want to make sure that it's a good decision for our family. → *positive* (86.1%)

13:38 - 13:45 I definitely hesitate more, and I think that that's very normal considering I have to be → *positive* (46.1%)

13:45 - 13:46 pregnant. → *neutral* (50.7%)

13:46 - 13:47 I have to give birth. → *neutral* (70.5%)

13:47 - 13:49 I have to breastfeed our child. → *neutral* (62.4%)

13:49 - 13:54 There's a lot more duties on me, and, you know, run this business and take care of our → *neutral* (63.2%)

13:54 - 13:55 other children. → *neutral* (57.8%)

13:55 - 14:00 There's a lot of hesitation, but in the end, I think it came down to the question of, what → *neutral* (69.1%)

14:00 - 14:02 if we chose not to? → *neutral* (76.4%)

14:02 - 14:07 Would I feel like I was missing out on the unknown? → *neutral* (51.0%)

14:07 - 14:12 And I think a lot of women feel this, that when they have one kid, maybe they expect → *neutral* (74.5%)

14:12 - 14:13 that they'll have a second kid. → *neutral* (84.9%)

14:13 - 14:15 And then the question of, am I done? → *neutral* (78.8%)

14:15 - 14:16 Am I done having children? → *neutral* (70.3%)

14:16 - 14:18 That's a big question, I think. → *neutral* (75.0%)

14:18 - 14:22 A lot of moms that I know feel that really strongly. → *neutral* (71.9%)

14:22 - 14:23 Am I done? → *neutral* (75.7%)

14:23 - 14:25 Can I be okay with being done having children? → *neutral* (75.8%)

14:25 - 14:26 How do I feel about that? → *neutral* (74.3%)

14:26 - 14:30 And it's a really tricky question to answer, and very personal. → *negative* (48.8%)

14:30 - 14:35 So if you have only two children, that can be okay for your family. → *positive* (56.6%)

14:35 - 14:38 Our family's choice doesn't have to be the same for everyone. → *neutral* (76.4%)

14:38 - 14:43 So yeah, it kind of came down to, hmm, well, are we missing out on something? → *neutral* (64.9%)

14:43 - 14:45 I don't know, let's see. → *neutral* (71.0%)

14:45 - 14:47 Were you shooting for a girl at all? → *neutral* (78.8%)

14:47 - 14:48 Did you think about that? → *neutral* (82.1%)

14:48 - 14:54 I did not think about the gender, because I feel like when you decide to have a third child, → *neutral* (84.1%)

14:54 - 14:59 especially if you have two of the same gender like us, we have two boys, you have to want → *neutral* (83.1%)

14:59 - 15:02 a third child, because you're going to get a third child. → *neutral* (83.4%)

15:02 - 15:05 It can't be about just boy or just girl. → *neutral* (66.0%)

15:05 - 15:11 For us, it was a very great, happy surprise to have a girl, but I think I would have been → *positive* (98.3%)

15:11 - 15:13 just as happy. → *positive* (84.4%)

15:13 - 15:17 That's a surprise, but I think I would have been just as happy to have a boy, because → *positive* (90.9%)

15:17 - 15:25 the idea for us was, will this third child complete our family instead of will this girl → *neutral* (80.9%)

15:25 - 15:27 complete our family? → *neutral* (82.9%)

15:27 - 15:28 So we'll see what Matilda's like. → *neutral* (88.1%)

15:28 - 15:29 I have no idea. → *negative* (49.0%)

15:29 - 15:35 I don't know if my idea of this completing our family will be correct if we made a good → *neutral* (53.0%)

15:35 - 15:37 decision or not, but- → *neutral* (75.4%)

15:37 - 15:38 That's just mean. → *negative* (93.0%)

15:38 - 15:39 Yeah, we share it on top. → *neutral* (66.0%)

15:39 - 15:40 Trying to have some high hopes. → *positive* (57.0%)

15:40 - 15:41 All right. → *neutral* (49.0%)

15:41 - 15:43 Next question. → *neutral* (60.3%)

15:43 - 15:47 This question is mainly for me, but you're welcome to have any question. → *neutral* (67.8%)

15:47 - 15:52 It is from Shelsia, and she says, is this pregnancy different from your pregnancy with → *neutral* (89.5%)

15:52 - 15:54 the boys? → *neutral* (85.2%)

15:54 - 15:57 Well, you were not pregnant with any of them. → *neutral* (71.8%)

15:57 - 16:00 Yeah, very different. → *neutral* (66.8%)

16:00 - 16:05 I would say this pregnancy is different, but not because she's a girl. → *neutral* (76.4%)

16:05 - 16:06 That's my guess. → *neutral* (81.9%)

16:06 - 16:10 This pregnancy is different because it's my third pregnancy. → *neutral* (75.6%)

16:10 - 16:13 And that makes it a lot harder. → *negative* (86.4%)

16:13 - 16:15 So my body hurts more. → *negative* (95.6%)

16:15 - 16:17 My belly's a lot bigger than with them. → *neutral* (53.3%)

16:17 - 16:21 Just everything is harder because it's the third pregnancy. → *negative* (86.3%)

16:21 - 16:23 I don't know if it's the same for everyone. → *neutral* (60.2%)

16:23 - 16:28 I know some people have a very smooth, easy pregnancy. → *positive* (69.4%)

16:28 - 16:32 For me, this pregnancy is very difficult, and I'm very ready for it to be finished. → *neutral* (45.3%)

16:32 - 16:34 So that's pretty much it. → *neutral* (58.5%)

16:34 - 16:36 Was the morning sickness about the same, though? → *neutral* (76.0%)

16:36 - 16:43 Yeah, I'd say morning sickness, which is when you feel nauseous during the first trimester. → *negative* (77.5%)

16:43 - 16:44 That's pretty similar. → *positive* (69.3%)

16:44 - 16:51 I think it's just that everything happened sooner, and my body hurts more in general. → *negative* (94.1%)

16:51 - 16:56 I have noted that with every child, she complains about her body earlier. → *negative* (67.1%)

16:56 - 16:57 Yes. → *positive* (46.1%)

16:58 - 17:01 Yeah, and I think that that's very possible. → *positive* (79.3%)

17:01 - 17:02 My body is... → *neutral* (62.3%)

17:27 - 17:39 Having a harder time this time, and that's normal. → *negative* (48.8%)

17:39 - 17:41 So yeah, anyway, it's different. → *neutral* (69.9%)

17:41 - 17:43 It's harder, but not because she's a girl, I think. → *neutral* (51.3%)

17:43 - 17:46 All right, let's go to the next question. → *neutral* (77.8%)

17:46 - 17:51 Now this was one of our most asked questions. → *neutral* (71.6%)

17:51 - 17:57 And sometimes this question can be perceived as rude, but because I asked my students directly → *negative* (50.6%)

17:57 - 18:02 to ask me anything, it's okay that they asked this, but I want you to be careful when → *neutral* (68.5%)

18:02 - 18:09 you're talking with a random person who's pregnant, do not ask this, but now it's okay. → *neutral* (66.2%)

18:09 - 18:12 So for those of you who asked me this question, it's okay. → *positive* (58.0%)

18:12 - 18:16 The question is, can you guess what it is? → *neutral* (82.7%)

18:16 - 18:18 Was she an accident or on purpose? → *neutral* (69.5%)

18:18 - 18:19 That's it. → *neutral* (53.2%)

18:19 - 18:20 That's one of the... → *neutral* (75.7%)

18:20 - 18:21 That's the rude way to say it. → *negative* (85.4%)

18:21 - 18:24 Yeah, so Gloria asked this in a very nice way. → *positive* (86.5%)

18:24 - 18:27 She said, did you plan this baby or was it a surprise? → *neutral* (88.1%)

18:27 - 18:28 It's a surprise. → *positive* (78.2%)

18:28 - 18:31 It's a very positive way to say it is a surprise. → *positive* (96.7%)

18:31 - 18:35 Yeah, so I'd like to explain really quick before we answer this, why it can be considered → *neutral* (83.8%)

18:35 - 18:42 rude, and it's not really because it's too personal, it's more because if you did not → *negative* (56.4%)

18:42 - 18:49 plan your pregnancy and you just got pregnant by accident, there's kind of a concern maybe → *neutral* (49.7%)

18:49 - 18:50 for me. → *neutral* (64.8%)

18:50 - 18:56 You got pregnant by accident, then in someone said, is this an accidental pregnancy? → *neutral* (50.7%)

18:56 - 19:01 And I said, yes, I might feel like, oh, they might think I don't love my child, thank → *neutral* (50.0%)

19:01 - 19:02 you. → *neutral* (55.1%)

19:02 - 19:03 It puts you on the spot. → *neutral* (58.9%)

19:03 - 19:08 Yeah, it kind of feels like maybe you don't care about your child as much as someone → *negative* (82.5%)

19:08 - 19:10 who plans their pregnancy. → *neutral* (73.2%)

19:10 - 19:15 So I think it can make the, especially the mother feel uncomfortable, but for those → *negative* (63.7%)

19:15 - 19:19 of you who asked this to us, no problem, I allowed you to ask any question. → *neutral* (75.7%)

19:19 - 19:20 Yeah. → *neutral* (54.9%)

19:20 - 19:21 No problem with it. → *neutral* (71.0%)

19:21 - 19:22 Answer. → *neutral* (62.8%)

19:22 - 19:24 Especially because we've, did we plan this baby? → *neutral* (83.9%)

19:24 - 19:27 We always plan all children. → *neutral* (77.0%)

19:27 - 19:31 You cannot be married to this woman and not have a plan. → *negative* (67.8%)

19:31 - 19:32 Yeah. → *neutral* (54.9%)

19:32 - 19:37 So generally, I'm very careful about, I know things could always happen, but I try to → *neutral* (66.9%)

19:37 - 19:44 be very careful about planning when we have a baby and all of those types of things. → *neutral* (80.5%)

19:44 - 19:48 I think that that's important for the family unit, important for me. → *positive* (81.5%)

19:48 - 19:54 I know that your body and your life is often unpredictable, but that's just how it went → *neutral* (67.3%)

19:54 - 19:55 for us. → *neutral* (62.2%)

19:55 - 20:01 The next category is questions about birth and around the birth time. → *neutral* (86.6%)

20:01 - 20:05 So our first question is from Lucas and he says, will you give birth at home like you → *neutral* (91.5%)

20:05 - 20:08 did with Theo and Freddie? → *neutral* (90.4%)

20:08 - 20:09 Quick correction. → *neutral* (72.8%)

20:09 - 20:12 I gave birth in a birth center for Theo and Freddie. → *neutral* (89.5%)

20:12 - 20:19 So it's like a home environment, but they have all of the emergency supplies. → *neutral* (74.9%)

20:19 - 20:21 Should your baby need oxygen? → *neutral* (71.3%)

20:21 - 20:27 If you hemorrhage and you can't stop bleeding, they can help you with all of that. → *neutral* (65.8%)

20:27 - 20:29 And it's a very comforting environment. → *positive* (92.6%)

20:29 - 20:32 It's not the hospital, but it's kind of beside the hospital. → *neutral* (80.8%)

20:32 - 20:33 Anyway, it was a beautiful experience. → *positive* (98.5%)

20:33 - 20:34 Feels like a bedroom. → *neutral* (53.7%)

20:34 - 20:38 Yeah, it's kind of like a bedroom, like a really nice hotel room. → *positive* (79.0%)

20:38 - 20:42 I feel extremely lucky that we had that available in our city. → *positive* (98.1%)

20:42 - 20:47 But about a year and a half ago, the birth center had to close. → *negative* (69.0%)

20:47 - 20:50 There was just like insurance problems. → *negative* (81.3%)

20:50 - 20:52 It was really a big shame. → *negative* (92.7%)

20:52 - 20:57 I know the US doesn't have a good health care reputation and this is one of the problems. → *negative* (96.3%)

20:57 - 21:03 So the birth center closed down and I needed to find an alternative and we had two options. → *negative* (57.4%)

21:03 - 21:09 One was to go to the hospital and one was to have a home birth because I already had two → *neutral* (79.7%)

21:09 - 21:16 very smooth, pretty straightforward, successful, simple births. → *positive* (90.6%)

21:16 - 21:19 I feel very lucky about that. → *positive* (97.3%)

21:19 - 21:24 I know a lot of people have scary birth stories, but for me, it was really empowering → *positive* (88.5%)

21:24 - 21:31 and great, not like fun, but certainly a positive experience overall. → *positive* (96.3%)

21:31 - 21:37 I felt comfortable not giving birth in the hospital, so I interviewed a couple midwives → *neutral* (73.9%)

21:37 - 21:44 who come to your house and help you as you're giving birth and we found one that we really → *positive* (53.8%)

21:44 - 21:45 liked. → *positive* (78.3%)

21:45 - 21:47 So I've been having appointments with her. → *neutral* (81.1%)

21:47 - 21:50 It's just like normal, really. → *neutral* (57.4%)

21:50 - 21:51 She takes my blood. → *negative* (76.3%)

21:51 - 21:55 She does various tests, all of those types of things. → *neutral* (87.6%)

21:55 - 22:00 And when she comes to the house, when I'm in labor, she said she has three gigantic bags → *neutral* (72.4%)

22:00 - 22:07 of all of the emergency supplies and anything that she might need to help me or the baby → *neutral* (85.5%)

22:07 - 22:10 and yeah, we'll see what happens. → *neutral* (76.2%)

22:10 - 22:11 She seems very capable. → *positive* (89.7%)

22:11 - 22:13 Yeah, very capable, very... → *positive* (68.7%)

22:13 - 22:15 She's delivered thousands of babies. → *neutral* (53.6%)

22:15 - 22:20 Yeah, and I think because I've given birth before, I kind of feel more comfortable with → *positive* (86.5%)

22:20 - 22:22 the experience in general. → *neutral* (75.1%)

22:22 - 22:24 So yeah, that's what we're going to do. → *neutral* (61.7%)

22:24 - 22:26 We'll let you know how it turns out. → *neutral* (77.8%)

22:26 - 22:30 All right, the next question could be more for both of us and a lot of people asked → *neutral* (64.3%)

22:30 - 22:37 this, Carmen, Michelle, Evangeline, and Ophelia asked, do you think Freddie and Theo will be → *neutral* (92.8%)

22:37 - 22:39 jealous of their little sister? → *negative* (56.0%)

22:39 - 22:41 What do you think? → *neutral* (80.9%)

22:41 - 22:43 I don't think so, no. → *neutral* (58.3%)

22:43 - 22:44 Okay. → *neutral* (58.4%)

22:44 - 22:49 I think they're going to be just very excited to see her and be with her. → *positive* (98.0%)

22:49 - 22:52 And I think they will be... → *neutral* (73.2%)

22:52 - 22:53 They won't be jealous. → *neutral* (67.8%)

22:53 - 22:58 I think they might get frustrated if we're doing something with her and they want to play → *negative* (58.9%)

22:58 - 23:00 with us or talk to us or something. → *neutral* (86.8%)

23:00 - 23:01 It's hard to jealousy, though. → *neutral* (66.7%)

23:01 - 23:04 I think that's how kids can express jealousy in a way. → *negative* (63.0%)

23:04 - 23:05 Oh, okay. → *neutral* (58.2%)

23:05 - 23:08 Extra anger, extra frustration. → *negative* (74.9%)

23:08 - 23:12 They're just kind of like that now, anyway, if we're doing something, you know, and they → *neutral* (77.0%)

23:12 - 23:14 want our attention, they're going to be upset about it. → *negative* (57.4%)

23:14 - 23:15 Yeah. → *neutral* (54.9%)

23:15 - 23:16 Yeah. → *neutral* (54.9%)

23:16 - 23:17 I don't jealousy. → *neutral* (61.1%)

23:17 - 23:21 No, they've reacted really positively to other babies. → *positive* (67.4%)

23:21 - 23:27 And whenever we talk about Matilda, it's funny because you know how as adults, whenever → *positive* (64.1%)

23:27 - 23:32 we're near babies, your voice kind of goes up and, oh, little baby, you kind of create → *neutral* (58.0%)

23:32 - 23:34 this like baby voice, our kids do that too. → *neutral* (76.4%)

23:34 - 23:39 They'll say, oh, I wonder if Matilda's going to have little cute fingers and they have → *neutral* (57.1%)

23:39 - 23:40 that voice too. → *neutral* (72.9%)

23:40 - 23:47 So you can kind of tell that they are expecting her to be like a cute little play thing. → *neutral* (63.9%)

23:47 - 23:53 I think it will become harder as she gets older and starts, you know, grabbing their things. → *negative* (65.1%)

23:53 - 23:57 Like it's always growing pains, but I feel like in general, it'll be okay. → *positive* (80.5%)

23:57 - 23:58 Yeah. → *neutral* (54.9%)

23:58 - 24:04 And I associate jealousy behavior with like, you know, something like hitting the baby → *negative* (88.4%)

24:04 - 24:07 because they're upset that mommy's holding the baby. → *negative* (76.5%)

24:07 - 24:08 Yeah. → *neutral* (54.9%)

24:08 - 24:09 I don't think they're going to be like that. → *negative* (52.9%)

24:14 - 24:17 Having a three-year-old is the problem. → *negative* (87.3%)

24:17 - 24:25 So I expect that the very age-appropriate three-year-old tantrums that our three-year-old → *neutral* (58.0%)

24:25 - 24:28 is experiencing now will also happen later. → *neutral* (89.0%)

24:28 - 24:33 And it will just be harder for us because we also will have a small baby to care for. → *negative* (88.8%)

24:33 - 24:37 So I don't really expect it will be that much more, but it will just continue and we'll → *neutral* (65.9%)

24:37 - 24:41 have more responsibilities, which will make it trickier for us. → *negative* (67.8%)

24:41 - 24:42 So yeah, that's the idea. → *neutral* (70.7%)

24:42 - 24:43 We'll see. → *neutral* (63.8%)

24:43 - 24:44 All right. → *neutral* (49.0%)

24:44 - 24:49 Anna, Guelterio, and Olindo had a similar type of question. → *neutral* (90.7%)

24:49 - 24:52 Will you have some kind of help with the kids? → *neutral* (87.6%)

24:52 - 24:56 After she's born, Olindo specifically asked about the role of grandparents because he's → *neutral* (89.5%)

24:56 - 24:57 a grandfather. → *neutral* (70.2%)

24:57 - 25:02 So he helps to take care of his grandkids, takes them to sports games, and this is → *positive* (61.9%)

25:02 - 25:04 specifically about after birth. → *neutral* (82.2%)

25:04 - 25:10 But they asked, is it normal to have help with your kids, either paid help or grandparent → *neutral* (78.0%)

25:10 - 25:12 help after the baby's born? → *neutral* (87.4%)

25:12 - 25:14 So yeah, what will we do? → *neutral* (84.5%)

25:14 - 25:15 Do we know? → *neutral* (78.7%)

25:15 - 25:18 I believe my mom will be here for a while, right? → *neutral* (50.4%)

25:18 - 25:20 We'll see how long a while is. → *neutral* (75.1%)

25:20 - 25:22 I don't think this is set in stone yet. → *neutral* (64.1%)

25:22 - 25:23 It's not. → *neutral* (49.4%)

25:23 - 25:24 Yeah. → *neutral* (54.9%)

25:24 - 25:27 So because we're going to be, because we have other children, even if we weren't giving → *neutral* (64.5%)

25:27 - 25:32 birth at home, even if it were at a hospital or a birth center, you still need someone to → *neutral* (82.4%)

25:32 - 25:34 take care of your kids while you're gone. → *neutral* (66.0%)

25:34 - 25:41 So Dan's mom's going to come during the birth, and probably the next day, with Theo and → *neutral* (94.7%)

25:41 - 25:48 Freddie, with Theo, our oldest child, she stayed for like two weeks, and then with Freddie, → *neutral* (90.0%)

25:48 - 25:52 she stayed less time. → *neutral* (75.8%)

25:52 - 25:59 But in the end, I'm not exactly sure what will happen this time, but we do have several → *neutral* (78.2%)

25:59 - 26:06 babysitters who help in our daily lives now so that I can film these videos and do my → *neutral* (58.2%)

26:06 - 26:07 job. → *negative* (50.0%)

26:09 - 26:11 Everyone needs help in their life. → *neutral* (69.2%)

26:11 - 26:18 So they will also be coming to be with our oldest children, and we'll be with the baby. → *neutral* (86.8%)

26:18 - 26:21 So it's kind of perfect timing, because she'll be born at the beginning of June. → *positive* (93.1%)

26:21 - 26:25 Oh, we didn't mention she's going to be born at the beginning of June. → *neutral* (81.4%)

26:25 - 26:27 We don't know when, but sometimes the beginning of June. → *neutral* (86.6%)

26:27 - 26:28 Maybe me. → *neutral* (76.2%)

26:28 - 26:34 And Dan works at a school, so school will be out, which is perfect, because we will both → *positive* (85.7%)

26:34 - 26:36 be home all summer. → *neutral* (74.0%)

29:00 - 29:04 That's what I laughed at. → *negative* (58.7%)

29:04 - 29:06 So my first thought, and then you can say something about this. → *neutral* (83.5%)

29:06 - 29:14 My first thought was, if you are already receiving government subsidies, maybe you are on welfare → *neutral* (53.4%)

29:14 - 29:20 or you get food stamps or something like that, you will receive some kind of care, like → *neutral* (78.7%)

29:20 - 29:27 some kind of extra subsidy or something to help you pay for baby food or something like → *neutral* (84.9%)

29:27 - 29:28 that. → *neutral* (53.7%)

29:28 - 29:30 You have to be under a certain income level. → *neutral* (75.9%)

29:30 - 29:35 Yeah, so if you're already receiving that, you might get something also for your baby, → *neutral* (59.4%)

29:35 - 29:43 but for most people, the government doesn't care if you have a baby or not. → *negative* (68.1%)

29:43 - 29:50 You do, you count them on your taxes and you probably pay less taxes a little bit less → *neutral* (61.4%)

29:50 - 29:56 taxes because you have a, for each child, but it's not worth it. → *negative* (75.4%)

29:56 - 29:57 They certainly don't give you the money. → *negative* (59.6%)

29:57 - 30:01 No, and they don't give, I know some countries, they don't give you a time off or anything → *negative* (64.1%)

30:02 - 30:04 Yeah, no time off, they won't give you like a package. → *negative* (58.5%)

30:04 - 30:09 I know some countries give like a baby package to every new family and you get, like it's → *neutral* (72.4%)

30:09 - 30:10 kind of famous. → *neutral* (63.4%)

30:10 - 30:14 And Norway, where they give you a baby box and the baby box is big enough to be like a → *neutral* (66.6%)

30:14 - 30:21 crib for a newborn and they have like towels and swaddles and bottles and like tons of → *neutral* (79.3%)

30:21 - 30:25 stuff for a baby and like, I don't know, that would be amazing if someone wants to send → *positive*

30:33 - 30:35 That's the truth of the matter. → *neutral* (76.0%)

30:35 - 30:39 So the first question was, is it expensive to have a baby in the US? → *neutral* (66.5%)

30:39 - 30:43 It depends about what you think about money. → *neutral* (77.2%)

30:43 - 30:45 Yeah, it depends on, I don't know. → *neutral* (75.0%)

30:45 - 30:49 We've just always really worked into our budget, child stuff. → *neutral* (73.2%)

30:49 - 30:52 I don't think it's incredibly expensive. → *neutral* (60.2%)

30:52 - 30:54 So I know a couple different costs. → *neutral* (72.5%)

30:54 - 31:02 The first one is Americans pay health insurance monthly and that's around, I wouldn't say → *neutral* (75.4%)

31:02 - 31:06 at the moment, it's like specifically a requirement, but almost everybody has some kind → *neutral* (83.7%)

31:06 - 31:12 of health insurance and usually your company, if you work full-time, will pay like 50% of → *neutral* (86.9%)

31:12 - 31:16 the health care or the health insurance monthly costs. → *neutral* (62.8%)

31:16 - 31:21 So if you work for a company, your health insurance is much cheaper than someone like us. → *neutral* (56.3%)

31:21 - 31:24 Yeah, we're not the best people to ask because we're self-employed. → *negative* (72.1%)

31:24 - 31:29 Oh, and you get the short end of the stick, let me tell you what, you got to pay the full → *negative* (70.9%)

31:29 - 31:34 price of health insurance, you have to find your own health insurance independently, not → *neutral* (56.6%)

31:34 - 31:35 fun. → *positive* (71.0%)

31:35 - 31:36 It's expensive. → *negative* (77.6%)

31:36 - 31:38 I mean, America is not known for cheap health care. → *negative* (67.0%)

31:38 - 31:44 No, so yeah, so in general, I would say, if you work for a company, you might pay like → *neutral* (81.0%)

31:44 - 31:46 \$100 a month in health insurance. → *neutral* (61.4%)

31:46 - 31:52 If you work for yourself, you might pay between \$500 and \$1,000 per month in health insurance. → *neutral* (72.4%)

31:52 - 31:57 So thinking about that, that is part of the cost. → *negative* (53.4%)

31:57 - 32:02 When we went to the birth center and for this home birth midwife that we're paying, the → *neutral* (90.0%)

32:02 - 32:05 cost is about \$6,000. → *neutral* (81.0%)

32:05 - 32:11 So our health insurance, we pay a lot for per month. → *neutral* (54.6%)

32:11 - 32:19 We will get reimbursed, a big chunk of that, over 50% of that, we will get reimbursed. → *positive* (76.3%)

32:19 - 32:26 If you have a hospital birth, I know some friends have had a hospital birth, they had → *neutral* (83.7%)

32:26 - 32:35 a C-section, and they did not have insurance, and it cost \$10,000, which is a lot of money. → *negative* (79.9%)

32:35 - 32:36 It's less than I would have expected. → *negative* (60.1%)

32:36 - 32:37 But that's what I thought. → *neutral* (75.0%)

32:37 - 32:43 I thought it would be like \$100,000, and usually the hospital gives you some kind of payment → *neutral*

(80.3%)

32:43 - 32:49 plan, so you could pay like \$100 every month for the rest of your life or something like → *neutral* (74.2%)

32:49 - 32:52 that, so that's the cost that I know. → *neutral* (63.5%)

32:52 - 32:58 I know some people who have, I don't know how expensive their insurance is monthly, but → *neutral* (54.1%)

32:58 - 33:01 their whole birth was like \$25. → *neutral* (72.6%)

33:01 - 33:07 But maybe they're paying \$500 a month in insurance or more, so it's hard to say exactly. → *neutral* (67.5%)

33:07 - 33:10 It's a very complicated question. → *neutral* (62.6%)

33:10 - 33:18 If you plan on having a baby in the US, save some money, don't save some money, and just → *neutral* (62.5%)

33:18 - 33:20 check with your insurance company. → *neutral* (70.0%)

33:20 - 33:27 I know some insurance companies, like ours, you can't start a new insurance company if → *neutral* (52.1%)

33:27 - 33:28 you're already pregnant. → *neutral* (69.3%)

33:28 - 33:31 Are we ready to move on to our next question? → *neutral* (88.3%)

33:31 - 33:32 I think we should. → *neutral* (55.2%)

33:32 - 33:35 Okay, the next question is also a new category. → *neutral* (86.5%)

33:35 - 33:40 We just talked about pregnancy, then we talked about birth and around the birth time. → *neutral* (90.2%)

33:40 - 33:45 Next is our life with three children. → *neutral* (75.7%)

33:45 - 33:51 We have a lot of people who asked the same question, Maggie, Amari, Elledy, and Lizzie, → *neutral* (85.2%)

33:51 - 33:57 all asked, dun, dun, dun, dun, do you want to have another baby after Matilda? → *neutral* (80.3%)

33:57 - 34:01 First of all, never ask a seven month, eight month pregnant woman if she wants another → *negative* (53.1%)

34:01 - 34:02 baby? → *neutral* (72.9%)

34:02 - 34:03 That's okay. → *positive* (73.4%)

34:03 - 34:06 I'm the same as joke, but don't ask her to her face. → *neutral* (54.6%)

34:06 - 34:07 Let's answer together. → *neutral* (70.5%)

34:07 - 34:08 On three. → *neutral* (65.2%)

34:08 - 34:09 Are you ready? → *neutral* (77.7%)

34:09 - 34:10 Okay. → *neutral* (58.4%)

34:10 - 34:12 Three, two, one. → *neutral* (65.7%)

34:12 - 34:13 No. → *neutral* (49.4%)

34:13 - 34:14 No. → *neutral* (49.4%)

34:15 - 34:16 So this is it. → *neutral* (63.8%)

34:16 - 34:21 I think I will do everything in my power, so we'll Dan to make sure that this is it. → *positive* (73.9%)

34:21 - 34:23 Our family is done. → *neutral* (54.7%)

34:24 - 34:25 Three, three feels perfect to me. → *positive* (93.4%)

34:25 - 34:29 I mean, obviously I grew up with two siblings, so it makes sense. → *neutral* (54.5%)

34:29 - 34:30 Yeah. → *neutral* (54.9%)

34:30 - 34:34 And I know it was already quite a push for you to go with three, so four is a bit, you → *neutral* (76.4%)

34:34 - 34:35 know. → *neutral* (51.0%)

34:35 - 34:36 Yeah. → *neutral* (54.9%)

34:36 - 34:38 As close to out of the question as possible. → *neutral* (78.8%)

34:38 - 34:44 So the underlying feature here is if I said in the feature that, oh, guess what? → *neutral* (78.5%)

34:44 - 34:46 We're having a fourth baby. → *neutral* (75.5%)

34:46 - 34:47 You'll know. → *neutral* (65.4%)

34:47 - 34:48 It was not planned. → *negative* (50.9%)

34:50 - 34:51 Yes. → *positive* (46.1%)

34:51 - 34:52 So I think three is good. → *positive* (94.8%)

34:52 - 34:59 My baby, my belly and my body is suffering a lot, so we'll stop it here. → *negative* (86.4%)

34:59 - 35:00 She can finally recuperate after this. → *neutral* (51.5%)

35:00 - 35:01 Yes. → *positive* (46.1%)

35:01 - 35:06 It would be great to say, okay, now my body is mine kind of, but I still have at least → *positive* (80.7%)

35:06 - 35:12 another year of taking care of a baby with my body, but you know, the idea that I can → *neutral* (51.4%)

35:12 - 35:13 go to the gym. → *neutral* (77.5%)

35:13 - 35:14 I can work out. → *neutral* (61.3%)

35:14 - 35:17 I can share my body, all of these things, and that's it. → *neutral* (78.9%)

35:17 - 35:20 I'm not going to get pregnant again and then have to go through all that again. → *negative* (85.6%)

35:20 - 35:22 All right. → *neutral* (49.0%)

35:22 - 35:24 The next one is also a big question, and a lot of people asked it. → *neutral* (74.9%)

35:24 - 35:31 Ella, Elinora, Jeff, Anna, and Claudia all asked, how in the world, will you arrange → *neutral* (76.0%)

35:47 - 35:48 Yeah. → *neutral* (54.9%)

35:48 - 35:54 So, as far as child care, our oldest will be going to first grade, he's in kindergarten → *neutral* (81.1%)

35:54 - 35:55 this year. → *neutral* (61.4%)

45:13 - 45:14 the first time. → *neutral* (65.3%)

45:14 - 45:15 It's very normal. → *positive* (50.9%)

46:34 - 46:39 seven children and you see their life living situations, it kind of helps give you more → *positive* (72.0%)

46:39 - 46:41 perspective, so you feel. → *neutral* (77.9%)

47:09 - 47:14 Not anxious about everything, yeah, there's some things that are worth spending a lot → *positive* (72.9%)

49:25 - 49:29 Last time with Freddie, our second child, I just read the paper over and I was like, oh → *neutral* (75.7%)

49:29 - 49:31 yeah, those are the good tips. → *positive* (82.7%)

49:31 - 49:35 And so I was more prepared with- → *neutral* (50.0%)

49:35 - 49:37 If he just came so fast that there's no time to think. → *neutral* (62.9%)

49:37 - 49:41 But with your first, it will probably take a lot longer. → *neutral* (60.6%)

49:41 - 49:49 So it's good to be very prepared, especially the husbands out there or partners of various → *positive* (76.9%)

49:49 - 49:51 shapes and sizes and forms. → *neutral* (66.8%)

49:51 - 49:55 Take a birth class with your wife or partner and yeah, you need to be prepared too. → *neutral* (82.6%)

49:55 - 49:59 Yeah, I think that kind of sets you up for the birth, but it sets you up for being → *neutral* (83.9%)

49:59 - 50:04 parents together because like a lot of moms will have a pregnancy app on their phone. → *neutral* (68.6%)

50:04 - 50:08 I remember the first day of the pregnancy of the birth class. → *neutral* (87.9%)

50:08 - 50:12 The teacher asked us, so who has a pregnancy app on your phone? → *neutral* (76.9%)

50:12 - 50:17 All of the women raise their hands and they said, okay, guys, which one of you have a pregnancy → *neutral* (83.9%)

50:17 - 50:21 app on your phone and none of them raise their hands. → *neutral* (73.2%)

50:21 - 50:28 So if you're the one who's not pregnant, doing a birth class together or you know, just → *neutral* (88.9%)

50:28 - 50:34 even having a day where you go over some birth articles or watch a couple birth videos → *neutral* (88.8%)

50:34 - 50:39 together, those types of things, it sets you up to be partners with your baby. → *positive* (59.7%)

50:39 - 50:40 It's not just the mom's duty. → *neutral* (73.5%)

50:40 - 50:47 There's a lot that is on the mom that the mom has to do and the other person can't do. → *neutral* (59.7%)

50:47 - 50:52 But in general, that like mindset that you're in this together is really important. → *positive* (77.4%)

50:52 - 50:55 So yeah, that was a good tip. → *positive* (93.6%)

50:55 - 50:59 So thank you so much for joining me on that pregnancy conversation journey. → *positive* (98.3%)

50:59 - 51:04 Now we're going to step into parenting after having that child. → *neutral* (85.4%)

51:04 - 51:08 We are now deep into the three child parenting life. → *neutral* (79.7%)

51:08 - 51:13 So let's go on to that conversation where you'll see some of your questions that we answered → *neutral* (70.3%)

51:13 - 51:15 about parenting. → *neutral* (68.7%)

51:15 - 51:16 Let's go. → *positive* (58.8%)

51:16 - 51:18 Are you ready to start with the first question? → *neutral* (84.1%)

51:18 - 51:19 I'm ready. → *positive* (69.5%)

51:19 - 51:20 All right. → *neutral* (49.0%)

51:20 - 51:21 Here goes. → *neutral* (56.8%)

51:21 - 51:22 What could it be? → *neutral* (81.8%)

51:22 - 51:27 Alex from Brazil, Claudio also from Brazil and Vera from Taiwan. → *neutral* (90.8%)

51:27 - 51:29 They all asked questions about parenting. → *neutral* (66.8%)

51:29 - 51:37 The first one is, what has it been like having three kids so far? → *neutral* (88.6%)

51:37 - 51:41 Maybe we should give a little background of our children's ages and all of that. → *neutral* (84.5%)

51:41 - 51:42 How many children do we have? → *neutral* (68.9%)

51:42 - 51:44 We do have three indeed. → *neutral* (76.8%)

51:44 - 51:45 Yes. → *positive* (46.1%)

51:45 - 51:47 So we have Theo who is six now. → *neutral* (91.5%)

51:47 - 51:54 We have Freddie who is three and we have a new baby, Matilda who is two months old when → *neutral* (75.4%)

51:54 - 51:56 you're watching this. → *neutral* (81.4%)

51:56 - 51:57 Yeah. → *neutral* (54.9%)

51:57 - 51:59 What's it been like having three kids so far? → *neutral* (87.8%)

51:59 - 52:05 I feel like what we've experienced so far is not probably representative of what will → *negative* (69.2%)

52:05 - 52:06 happen. → *neutral* (65.4%)

52:06 - 52:07 Oh, yeah. → *neutral* (55.9%)

52:07 - 52:08 Yes. → *positive* (46.1%)

52:08 - 52:13 Because Matilda, you know, she is just a little baby and she is actually a very, very, very good → *positive* (95.9%)

52:13 - 52:14 sleeper. → *neutral* (70.7%)

52:14 - 52:15 Oh, so easy. → *positive* (51.7%)

52:16 - 52:18 That's really made it very helpful for us. → *positive* (96.0%)

52:18 - 52:22 She takes her nap and she wakes up and she's not that upset and then she takes another → *positive* (58.1%)

52:22 - 52:25 nap and then she sleeps all night. → *neutral* (78.1%)

52:25 - 52:27 That's unbelievable. → *negative* (62.1%)

52:27 - 52:36 Possibly unheard of for a baby so far, it's been pretty easy with Matilda but with the → *positive* (69.4%)

52:36 - 52:40 other two, they, you know, as they get older, I think they kind of in their own way get → *neutral* (89.0%)

52:40 - 52:41 a little harder. → *neutral* (59.3%)

52:41 - 52:45 Yeah, they say bigger kids, bigger problems generally is how it goes. → *negative* (64.7%)

52:45 - 52:46 Yeah. → *neutral* (54.9%)

52:46 - 52:51 And I'm sure it will all change as they get older and all go through different stages. → *neutral* (79.3%)

52:51 - 52:56 But really, I think the most difficult, oftentimes parents ask like, what's the most difficult → *neutral* (58.6%)

52:56 - 52:57 stage? → *neutral* (73.2%)

52:57 - 53:04 I think the most difficult was going from zero kids to one kid because it's such a huge → *negative* (59.3%)

53:04 - 53:05 life change. → *neutral* (67.7%)

53:05 - 53:12 Like, we were, you know, going to the brewery and trivia night, late at night and going → *neutral* (77.8%)

53:12 - 53:13 with our friends. → *neutral* (60.1%)

53:13 - 53:14 We had a night life. → *neutral* (74.9%)

53:14 - 53:22 Going on long hikes and, you know, doing things spontaneously, going camping and backpacking → *neutral* (63.6%)

53:22 - 53:23 in fact. → *neutral* (60.5%)

53:23 - 53:24 Yeah. → *neutral* (54.9%)

53:24 - 53:28 And then when you have a baby, all of a sudden your life changes dramatically. → *neutral* (63.3%)

53:28 - 53:32 Now backpacking is carrying the baby like down the stairs. → *neutral* (65.6%)

53:32 - 53:34 You're always backpacking. → *neutral* (70.7%)

53:34 - 53:38 So I feel like that was the biggest change and probably the most difficult change. → *neutral* (53.8%)

53:38 - 53:42 I know a lot of people say going from one kid to two kids is the most difficult because → *negative* (50.5%)

53:42 - 53:47 all of a sudden you're juggling two different humans. → *neutral* (57.0%)

53:47 - 53:53 But for us, at least for me, I would say going from zero to one was the most difficult, → *negative* (54.5%)

53:53 - 53:54 one to two. → *neutral* (74.7%)

53:54 - 53:55 It was, you know, trickier. → *neutral* (48.1%)

53:55 - 53:57 I think it gets progressively harder. → *negative* (72.9%)

53:57 - 53:58 Yeah. → *neutral* (54.9%)

53:58 - 54:00 But I'm not, I'm not a woman. → *neutral* (51.3%)

54:00 - 54:04 So, you know, everyone's got their own opinion about this, you know? → *neutral* (80.2%)

54:04 - 54:09 I think going from two to three so far hasn't been a huge change. → *neutral* (64.8%)

54:09 - 54:10 Yeah. → *neutral* (54.9%)

54:10 - 54:11 Not too bad. → *positive* (82.6%)

54:11 - 54:13 Because she's pretty chill. → *positive* (80.7%)

54:13 - 54:20 And I think that this summer has been really special because you've been home. → *positive* (98.6%)

54:20 - 54:26 I've had another parent at home at all times to help with all the children. → *neutral* (81.2%)

54:26 - 54:33 So instead of being parenting alone, being a parent alone with three kids, right now we've → *neutral* (62.1%)

54:33 - 54:36 got two parents at home at all times. → *neutral* (74.3%)

54:36 - 54:41 But when you're watching this, that is changing because school is starting back, Dan's going → *neutral* (70.8%)

54:41 - 54:44 back to work at the school where he works. → *neutral* (87.7%)

54:44 - 54:47 The school will also be going to school, Freddie will be going to preschool so it'll be a → *neutral* (89.4%)

54:47 - 54:48 little bit trickier. → *neutral* (62.1%)

54:48 - 54:49 So maybe we'll keep you updated. → *neutral* (79.0%)

54:49 - 54:50 That's the final answer. → *neutral* (71.2%)

54:50 - 54:56 Yeah, I think it's a lot trickier for moms, especially when they're at home. → *negative* (62.5%)

54:56 - 54:57 Yeah. → *neutral* (54.9%)

54:57 - 55:01 Now that I've been home for the summer, it's actually been harder for me, I think overall, → *negative* (80.7%)

55:01 - 55:05 because you're always holding or caring for somebody all the time. → *neutral* (73.6%)

55:05 - 55:06 There's no break. → *neutral* (68.4%)

55:06 - 55:07 Not true with the baby. → *negative* (50.6%)

55:07 - 55:10 So it's just like cycling through the kids. → *neutral* (63.6%)

55:10 - 55:11 What am I tending to now? → *neutral* (80.5%)

55:11 - 55:15 Yeah, sometimes we say, if it's not one, it's the other. → *neutral* (75.4%)

55:15 - 55:20 Somebody is always having a problem at all times, hopefully it's not all three at the → *negative* (47.0%)

55:20 - 55:21 same time. → *neutral* (59.1%)

55:21 - 55:25 I think that only happened one time so far when everyone was crying. → *neutral* (59.8%)

55:25 - 55:26 Oh, yeah. → *neutral* (55.9%)

55:26 - 55:28 And we were almost there. → *neutral* (52.3%)

55:28 - 55:29 We were almost crying too. → *neutral* (55.7%)

55:29 - 55:32 I don't know, at that point you just kind of look at each other and you kind of laugh → *neutral* (51.2%)

55:32 - 55:34 because you're like, what am I going to do now? → *neutral* (73.7%)

55:34 - 55:35 I don't know. → *neutral* (56.7%)

55:35 - 55:36 I'm crying. → *negative* (44.2%)

55:36 - 55:37 Well, here we go. → *neutral* (49.1%)

55:37 - 55:38 That's what I'm crying. → *negative* (45.9%)

55:38 - 55:45 I know, I saw a picture once there's a, it's a Facebook page. → *neutral* (80.6%)

55:45 - 55:48 It's also Instagram page called Humans of New York. → *neutral* (84.8%)

55:48 - 55:52 Maybe you've seen it before, if not, I highly recommend it because it's a great way to get → *positive* (98.1%)

55:52 - 55:54 little snippets of language and culture. → *neutral* (74.8%)

55:54 - 55:59 Anyway, there's a guy who goes around New York taking pictures of strangers and he asked → *neutral* (72.6%)

55:59 - 56:03 them like a bit about their lives and they usually share something pretty interesting → *positive* (93.7%)

56:03 - 56:07 and I think, but there was one couple he took a picture of and they had a young child → *neutral* (88.0%)

56:07 - 56:12 with them and he said something like, or they said something about the process of deciding → *neutral* (90.6%)

56:12 - 56:14 whether or not they should have children. → *neutral* (73.1%)

56:14 - 56:16 No, like I don't know, like we like our lives now. → *neutral* (57.3%)

56:16 - 56:18 Should we have kids? → *neutral* (88.2%)

56:18 - 56:19 And the... → *neutral* (76.6%)

56:19 - 56:21 Damage, share, breaking your heart. → *negative* (83.4%)

56:21 - 56:24 Repair your hair with panting shampoo and conditioner. → *neutral* (87.1%)

56:24 - 56:30 Fomila with Pro Vitamin B5 and collagen for 10 times more damage repair. → *positive* (59.4%)

56:30 - 56:34 All in love with your shiny nourished hair, youth panting. → *positive* (94.1%)

56:34 - 56:38 You panting miracles born with a strange strong moisturized hair. → *neutral* (59.4%)

56:38 - 56:39 I can't finger comb. → *negative* (82.4%)

56:39 - 56:45 But he can coaching Anda and Kalazatan Whiskers, Nutrisi Link Cup and Sehimba. → *neutral* (88.3%)

56:45 - 56:50 Said the month for Adari Padik and Kansa Bina, Mambua coaching Anda Sihat Dan Fwas, sitting → *neutral* (93.2%)

56:50 - 56:51 up Harry. → *neutral* (78.0%)

56:51 - 56:55 Whiskers, let me pour, let me pour. → *neutral* (74.7%)

56:55 - 57:00 I think the husband, he said, well having kids is like the full human experience. → *neutral* (71.4%)

57:00 - 57:07 The humans have been having children and being around children for eternity. → *negative* (74.2%)

57:07 - 57:13 And so she said that when their child is screaming in the bath or having a crazy time, → *negative* (57.0%)

57:13 - 57:18 they just look at each other and say, full human experience. → *positive* (52.2%)

57:18 - 57:19 And then really that's kind of all you can do. → *neutral* (78.6%)

57:19 - 57:21 Yeah, I get frustrated sometimes. → *negative* (90.1%)

57:21 - 57:27 I get angry sometimes, but in the end, you just gotta take a step back and go, all right. → *neutral* (53.4%)

57:37 - 57:41 No, I think in general, it's been very nice and very rewarding. → *positive* (97.6%)

57:41 - 57:42 That's the word. → *neutral* (66.4%)

57:42 - 57:47 Yeah, I think that's the thing about parenting is that on paper, there's a lot of negatives. → *negative*

(77.6%)

57:47 - 57:49 Yeah, to change your life, it's expensive. → *negative* (58.0%)

57:49 - 57:50 There's a lot of work. → *neutral* (64.8%)

57:50 - 57:51 You gotta change diapers. → *neutral* (63.6%)

57:51 - 57:52 You gotta change diapers. → *neutral* (63.6%)

57:52 - 57:58 You know, there's a lot of negatives on paper involved, but I think anyone who has been → *negative* (62.8%)

57:58 - 58:03 a parent or if you've been an aunt and you've helped to take care of your sister's child → *neutral* (87.6%)

58:03 - 58:11 or a grandmother and taken care of other children, it's intangible, the reward, which that's → *neutral* (75.6%)

58:11 - 58:13 a great vocabulary word. → *positive* (92.0%)

58:13 - 58:14 This is a little reminder. → *neutral* (78.8%)

58:14 - 58:19 We will be talking about some key vocabulary from this conversation in a couple weeks on → *neutral* (84.2%)

58:19 - 58:20 my YouTube channel. → *neutral* (76.3%)

58:20 - 58:22 So don't miss that video. → *positive* (69.2%)

58:22 - 58:26 Make sure you subscribe to the Speak English with Vanessa YouTube channel so that you → *neutral* (73.6%)

58:26 - 58:31 can get the vocabulary lesson coming in a few weeks about this lesson. → *neutral* (87.5%)

58:31 - 58:33 All right, let's go to our next question. → *neutral* (78.2%)

58:33 - 58:38 Our next question also has to do with parenting, and it's talking about competition. → *neutral* (79.6%)

58:38 - 58:42 How do you handle competition between siblings? → *neutral* (69.8%)

58:42 - 58:43 Hmm. → *neutral* (64.3%)

58:43 - 58:45 First of all, let's talk about what is competition between siblings? → *neutral* (73.8%)

58:45 - 58:46 Yeah, these are big questions. → *neutral* (64.6%)

58:46 - 58:48 I don't know if I'm ready for this surprise. → *negative* (53.1%)

58:48 - 58:52 Alex, Vera and Claudio, we're not holding back with their questions. → *neutral* (77.6%)

58:52 - 58:53 Yeah. → *neutral* (54.9%)

58:53 - 58:54 Let's talk about what is competition first? → *neutral* (77.0%)

58:54 - 58:56 Yeah, what a competition. → *negative* (65.7%)

58:56 - 59:01 And it is where two people can't win. → *negative* (61.5%)

59:01 - 59:07 Only one person can win, and so you're kind of competing for the one prize basically. → *neutral* (69.0%)

59:07 - 59:12 Which, usually, I think that prize in a family is your parents' attention. → *neutral* (73.8%)

59:12 - 59:18 So there's only two of us, and sometimes there's only one of us at home, so that competition → *neutral* (77.0%)

59:18 - 59:23 is often, they're not thinking, I want to be the one to get mom's attention the most. → *neutral* (64.1%)

59:23 - 59:28 So I'm not really consciously thinking that, but that's just by nature, how it is, that → *neutral* (77.7%)

59:28 - 59:32 the limited resource is our attention. → *neutral* (73.7%)

59:32 - 59:36 So siblings, that's brothers and sisters, competition between siblings. → *neutral* (71.0%)

59:36 - 59:39 Do we do anything about that? → *neutral* (69.9%)

59:39 - 59:46 Yes, especially in the sense of our attention, I think we try to give each kid attention, → *positive* (59.3%)

59:46 - 59:51 especially one-on-one attention, although I've noticed that with Freddie, our second one, → *neutral*

(62.4%)

59:51 - 59:54 he definitely cries out for attention a lot more. → *negative* (70.5%)

59:54 - 01:00:00 He does more things to make you say, what are you doing? → *neutral* (72.6%)

01:00:00 - 01:00:01 Little naughty things sometimes. → *negative* (67.2%)

01:00:01 - 01:00:06 A lot more naughty things, a lot more like, hey, look at me, look at me, daddy, and stuff → *negative* (70.2%)

01:00:06 - 01:00:07 like that. → *neutral* (57.9%)

01:00:07 - 01:00:12 So he's a lot more direct about it, I think, and it's probably because he's the second → *positive* (52.8%)

01:00:12 - 01:00:13 child. → *neutral* (51.8%)

01:00:13 - 01:00:17 Yeah, I mean, you're the second child, you're the middle child, you're like Freddie. → *neutral* (75.0%)

01:00:17 - 01:00:18 I was the quiet one, though. → *neutral* (79.5%)

01:00:18 - 01:00:19 Yeah? → *neutral* (73.8%)

01:00:19 - 01:00:20 Yeah, like easygoing. → *neutral* (70.9%)

01:00:20 - 01:00:21 To do ever. → *neutral* (74.7%)

01:00:21 - 01:00:22 I was sneaky, though. → *neutral* (66.3%)

01:00:22 - 01:00:25 I think that's a cry for attention, too. → *neutral* (54.8%)

01:00:25 - 01:00:29 It's like doing little things to try to get away with it, and just, I don't know, to → *neutral* (60.2%)

01:00:29 - 01:00:33 do ever feel like you lacked attention from your parents. → *negative* (69.1%)

01:00:33 - 01:00:35 Is this about my childhood now? → *neutral* (79.5%)

01:00:35 - 01:00:37 Yes, we're turning it on you. → *neutral* (66.7%)

01:00:37 - 01:00:44 Yeah, maybe a little bit, because I was, it was the, I was the easy child, and my brother → *neutral* (65.6%)

01:00:44 - 01:00:48 was a little bit more of the squeaky wheel is the expression we use. → *neutral* (83.7%)

01:00:48 - 01:00:50 The squeaky wheel gets the oil. → *neutral* (73.3%)

01:00:50 - 01:00:51 Is that the same? → *neutral* (76.7%)

01:00:51 - 01:00:52 Yeah. → *neutral* (54.9%)

01:00:52 - 01:00:56 So yeah, he was a little more of a challenging kid than I was. → *neutral* (60.4%)

01:00:56 - 01:00:57 So your parents' attention? → *neutral* (62.9%)

01:00:57 - 01:00:59 At least from my parents' perspective, yeah. → *neutral* (68.3%)
